

1. Executive Summary

NYAYI (न्यायी) is an independent, citizen-first legal intelligence platform designed to bridge the vast gap between Indian law and the ordinary citizen. By combining modern artificial intelligence with structured statutory databases, NYAYI transforms complex, intimidating legal codes into simple, understandable, and actionable guidance for everyday life.

2. The Real Challenge Faced by Ordinary Citizens

BARRIER #1

Complex Jargon

Laws are written in archaic colonial phrasing, Latin terms, and heavy legalese that 90%+ of citizens cannot comprehend without paid help.

BARRIER #2

Cost & Delay

Hiring an advocate for basic inquiries (such as understanding an FIR, tenancy clause, or cheque bounce) is expensive, slow, and stressful.

BARRIER #3

New Criminal Laws

The total replacement of IPC, CrPC, and Evidence Act with BNS, BNSS, and BSA in 2024 left citizens confused about applicable sections.

3. The NYAYI Solution: Law in Plain English & Hindi

Core Philosophy: Knowledge of one's legal rights is a fundamental democratic necessity, not a luxury.

NYAYI operates as a digital legal companion that speaks the user's language. Anyone can ask a question—whether by typing or using voice—and receive a structured, objective, and calm breakdown of what the law states, what their rights are, and the exact steps to take next.

FREE PUBLIC ACCESS BNS • BNSS • BSA MAPPED ENGLISH & HINDI SUPPORT INSTANT AI ANALYSIS AD TRACKERS / PRIVACY RISK

4. Scope of Coverage

Criminal & Procedural Law

Understanding FIRs, bail classifications (bailable vs. non-bailable), police investigation rules, zero FIR, and new BNS 2023 section equivalents.

Cybercrime & Online Fraud

Immediate mitigation steps for UPI frauds, online blackmail, identity theft, unauthorized account debit, and 1930 reporting procedures.

Consumer & Civil Rights

E-commerce refund disputes, defective goods, unfair trade practices, tenant-landlord agreements, and consumer forum filing.

Constitutional Freedoms

Fundamental rights under Article 14 (Equality), Article 19 (Speech), Article 21 (Life & Privacy), and Article 32 (Constitutional Remedies).

5. Core Platform Features & Citizen Tools

AI FEATURE

1. Conversational Legal Assistant

Users ask questions in natural everyday language. The AI analyzes the scenario against Indian laws and responds with concise, numbered steps, quoting relevant statutory sections without confusing legal prose.

VOICE FEATURE

2. Dedicated Voice Studio

Built for users who prefer speaking over typing. Features continuous speech recognition in Hindi and English, a mic Pause/Resume feature so users can think without cutoff, and spoken audio responses.

STATUTORY TOOL

3. IPC to BNS Converter

An instant bidirectional mapping tool connecting legacy laws (IPC 1860, CrPC 1973) to India's new criminal codes (BNS 2023, BNSS 2023, BSA 2023), explaining what changed and new punishment terms.

REFERENCE HUB

4. Plain-English Legal Dictionary

An indexed library of over 100+ Indian legal and court terms (e.g., *Cognizable*, *Sub-judice*, *Affidavit*, *Caveat*) explained with real-world examples and context for everyday citizens.

ACTION GUIDES

5. Procedural Step-by-Step Guides

Practical checklists explaining exact civic procedures: How to file an RTI, register a Consumer Complaint, respond to a legal notice, lodge an e-FIR, and protect digital personal data.

SAFETY TOOL

6. Emergency SOS & Legal Helplines

Instant one-tap access to national verified emergency numbers: Police (112), Cyber Crime (1930), Women Helpline (1091), Child Helpline (1098), and National Legal Services Authority (NALSA 15100).

6. How NYAYI Compares to Traditional Alternatives

A simple breakdown of how an ordinary citizen experiences legal guidance before and after NYAYI:

Parameter	Traditional Legal Route	The NYAYI Advantage
Cost to Citizen	Consultation fees of ₹1,000 to ₹10,000 per hour	100% Free public service for all citizens
Time to Answer	Days or weeks waiting for appointments	Instant answers in 2 to 3 seconds
Language Used	Complex legal jargon & court English	Simple everyday English & Hindi
Accessibility	Physical chamber visits during work hours	24/7 access on any smartphone or browser
New Laws (BNS 2023)	Confusing transition from IPC to BNS sections	Automated dual-mapping showing old & new
Voice Interaction	Requires personal dictation & typing	Built-in Voice Studio with speech AI

Key Principle: NYAYI does not write binding court petitions or appear in a court of law; it prepares the citizen with foundational legal literacy and clarity before they seek formal representation.

7. The Two-Pillar Ecosystem

PORTAL #1

NYAYI.IN — The Knowledge Hub

The public, lightning-fast static encyclopedia. Hosts curated statutes, the legal dictionary, fundamental rights explainers, procedural articles, and contact info.

- ✓ 100% serverless static delivery
- ✓ Zero login required for reading
- ✓ SEO-optimized for public discovery

PORTAL #2

AI.NYAYI.IN — Interactive Studio

The dynamic AI consultation platform. Handles multi-turn chat dialogues, document queries, the Voice Studio engine, and emergency triage assistance.

- ✓ Intelligent conversational memory
- ✓ Hands-free Voice Studio with pause/resume
- ✓ Local encrypted conversation storage

8. Privacy by Design & Citizen Safety

Legal questions often involve sensitive family, commercial, or criminal matters. NYAYI follows strict ethical safeguards:

No Commercial Tracking

Zero third-party advertising cookies, zero profiling beacons, and no selling of search behavior to data brokers.

Client-Side Autonomy

Chat histories and memory records can be cleared by the user at any moment with a single click.

DPDP Act 2023 Aligned

Architected in full respect of India's Digital Personal Data Protection Act 2023 principles.

9. Statutory Legal Disclaimer

IMPORTANT NOTICE FOR USERS: NYAYI is an artificial intelligence-driven legal awareness and education system. It provides informational explanations of Indian statutory provisions, constitutional rights, and general legal procedures. **NYAYI is not an advocate, law firm, or substitute for professional legal advice.** Information provided by this platform does not constitute an attorney-client relationship. For formal litigation, legal notices, or representation in any court, tribunal, or authority, users must consult a licensed advocate registered with the Bar Council of India.
